- **Operator Keys**– Tare/Units, On/Off/Zero
- **Platform Size**– 215 mm x 245 mm / 8.5" x 9.5"

# 405 Basic Weighing Scale

## Features

The 405 general purpose scales offer exceptional value for your money. The 405 is very versatile, quickly changing from one application to another. The stainless steel platter is removable making it easy to clean. The red LED makes for easy readability in any indoor lighting condition. Included is a rechargeable internal battery with an auto off feature to preserve the life of the battery between charges.

The base is constructed of ABS plastic, which provides outstanding protection for daily usage and helps to lock out moisture.

The 405 features selectable lb, kg, gram, oz, lb/oz units and a tare feature. With a resolution of 1 g / 0.002 lb for the 6 kg / 12 lb model and 2 g / 0.005 lb for the 15 kg / 30 lb the 405 general purpose scales are accurate for any general weighing application.

A wipedown plastic cover comes standard to protect the display, keyboard and housing from dust and food particles.
