

Bases

Single Point Scale Bases

FEATURES

- **Heavy duty structure for industrial applications**
- **Overload and shock protection to withstand harsh industrial environments**
- **OIML R60 Approved C3 Load Cell**
- **4 Platform Sizes**
- **Capacities ranging from 6kg to 500kg**
- **Safe overload = 150%**
- **Adjustable feet**
- **Base to column bracket with spirit level**
- **Stainless steel pillar**
- **Stainless steel goods plate**
- **Optional 500 x 500mm back rail**

SPECIFICATIONS

Model	Platform Capacity (kg)	Load Cell Capacity (kg)	Platform Dimension (mm)
B6	6	10	400 x 300 x 120
B15	15	30	
B30	30	50	
B60	600	100	
B100	100	150	
F30	30	50	500 x 400 x 140
F60	60	100	
F150	150	200	
F300	300	500	
L60	50	100	650 x 500 x 140
L150	150	200	
L300	300	500	
L500	500	600	
XL60	60	100	800 x 600 x 170
XL150	150	200	
XL300	300	500	
XL500	500	600	
Load Cell	OIML R60 Approved Aluminium Load Cell Rated Output = 2mV/V/ Output Impedance = 350 ohm		
Operating Environment	0~40°C(32~104°F) Non Condensing R.H. ≤85%
